

Safe Neighborhood Awareness

SNAP Volunteers help to make our community a safer place!

Volume 3, Oct 13, 2005.

"SNAP Community Observers"

Help to make the SNAP program a complete success. When community members live beyond their own apartment by becoming acquainted with one another, community bonds are strengthened and existing Force Protection and Crime Prevention resources are reinforced. By gaining community support we increase the surveillance assets deployed within our community. **Become a SNAP volunteer today!**

Things to lookout for while observing your community.

- Broken or vandalized entry ways, windows or lights
- Strangers taking pictures of US installations and off post housing locations
- Unattended packages

Biking is summer fun for the whole family!

Bicycles are a fun and healthy activity for the whole family. Germany has many beautiful and challenging bike trails just waiting for your enjoyment. Be sure and always wear an approved bicycle helmet and reflective clothing. And remember; registering your bike is a great way to help deter bicycle theft. No appointment necessary! Contact the MP Station or the SNAP Coordinator located in room 115 in the Bamberg MP Station. Phone number: 469—7762/7770

Teaching your family about personal safety is very important. The responsibility is yours !

For more information contact the SNAP Coordinator!

Force Protection and Personal Safety Measures

When traveling by car be sure to have a tool kit, road atlas, calling card, change in local currency, plus a list of emergency contact phone numbers.

Living in a foreign country can be a rich and rewarding experience. Practicing Situational Awareness and Personal Safety Measures are three important keys to ensuring your time overseas is safe and enjoyable.

The personal safety measures listed below will help you reduce the likelihood of becoming a victim of terrorists and criminals.

- Always use the buddy system when traveling, inform family and friends about your travel plans such as destination and time you are returning.
- Be prepared for emergency situations by carrying EMERGENCY phone numbers for your unit, local police, local hospital, and US Embassy.
- Learn and practice a few key phrases in your Host Country language such as, "Help, I need a policeman"
- Don't be a **loud or rude American**. Be aware of who maybe listening to your conversations.
